Developing Generative Models

## SOFT SKILLS

Communication Skills

Collaborative Work Experience

Numerical Analysis

Interpersonal Skills

Self Learning

Critical Thinking

Convey Complex Concepts

Business Understanding

Problem Solving

---

## PROJECT EXPERIENCE

### Gemini Hackathon

December 2023

### GemInsights

Developed a chatbot that automates the Exploratory Data Analysis cycle and generates insights regarding the visualisation from the datasets. This enables user to understand the overall summary of the particular dataset

Technology Used : Streamlit, Gemini LLM, Langchain, AutoViz, ML Pipeline

Github : <https://github.com/Amallmmd>

---

## EDUCATION & CERTIFICATIONS

### Bachelor of Computer Application

Majors: Maths and Computer Science

Mahatma Gandhi University

7.3 CGPA

### High School

Kerala State Public Board

94.3 %

## EXTRACURRICULAR ACTIVITIES

### National Service Scheme ( NSS )

MES College

### Hackathons

MES College
